Dimension 4 Workstations

The most versatile workstation available today. Ergonomic design, adjustable components, endless accessories, modularity, and a clean, stylish appearance are all hallmarks of the "D4."

Dimension 4 workstation configurations expand from standalone single units, to assembly lines, to full production cells. There's no limit!

5 to 10-Day Quick Ship

A broad selection of products in the most popular color combinations, and fast delivery! Quick Ship products are on their way to you within five days. For production, assembly and packaging furniture there just isn't a better solution.

Dimension 4™ Workstations

Even our flagship Dimension 4 modular workstations are available through the Quick Ship program. We offer a great selection of the most popular sizes and accessories from this unsurpassable line.

Workmaster® Workbenches

IAC's Workmaster Workbenches are a foundation for you to build on; easy to assemble and versatile enough for any application. Whether you need a basic bench or an option-loaded technician's or lab bench, our Workmaster 4-Leg workbench is perfect for any application.

Pro Series™ Adjustable Height Workbenches

The ergonomically designed 930/940 Pro Series delivers the efficiency and convenience of height adjustability at a remarkable price. A cantilever support system, housing the hydraulic lifters, provides maximum leg room, while the bolted steel channel frame delivers a full 500-pound evenly-distributed load capacity.

Quick Value 4-Leg Workbenches

IAC's Quick Value 4-leg Workbenches offer the quality construction you expect from an IAC product at an economic price.

Multi-Task Systems (MTS)

Add shelves, lighting and productivity accessories above the worksurface of just about any workbench with our Multi-Task System (MTS). Sizes to fit 48", 60", 72" and 96" long worksurfaces.

Standard IAC Products on Back

More IAC Standard Products

Workmaster™ Series

IAC's versions of the "basic" workbench for the technical and lab environment. Hundreds of pre-configured models available. Drawers, shelves, lighting, and other accessories provide endless customization.

- **E Series**—Benches with standard 4-leg or 2-leg plus one pedestal
- **C Series**—Dual pedestal benches

LAN Stations

- **Integrated Cable Management**
- **Sophisticated Power Management Options**

Modular and adjustable design based on Dimension 4 workstations. LAN Stations feature integrated cable management and computer/electronics-related accessories, making them ideal for digital production suites or communication cells.

Pro Series Workstations

Cantilever leg design and smooth hydraulically-actuated height adjustment make the Pro Series the pinnacle of standalone workstations. Easily enhanced with instrument shelves and MTS upper structures.

- **900 Series**—Mechanically adjustable
- **930 Series**—Manual hand crank adjustability
- **940 Series**—Motorized hydraulic adjustability
- **950 Series**—Manual hand crank adjustability
- **960 Series**—Motorized hydraulic adjustability

Packing Stations

Packaging and Accessory Stations –

These specialized benches and accessory stations provide a rugged platform for a wide range of activities that help keep products moving out the door. Accessories include shelves, shelf dividers, electrical channels, lighting, paper/wrap spool holders, and swing arm-mounted document holders, and computer platforms.

Smart Mobile Stations (SMS)

SMS carts are specialized, function-forward hybrids of rolling cart, storage and workstation. They combine the sophistication and unsurpassed quality of Dimension 4 design, scaled down for a very personal and mobile interaction. SMS Carts embody the IAC focus on ergonomics, and fit within any lean strategy.

Workmaster® Storage Cabinets

Choose from nearly 100 combinations of drawer and cabinet configurations. Standing 56" tall, they are available in both 48" and 30" widths. 3", 6" & 12" drawers heights; 15", 20" & 26" cabinet heights.

Lab Tables

Proven IAC quality and durability designed specifically for laboratory use. Our LAB Tables feature a broad choice of chemical-resistant tops, with strong, all-steel construction and a variety of powder-coat finishes.

Configurations are available to meet all your laboratory needs.

Eclipse™ Lab Casework

Premium steel casework with double-walled, sound deadened construction. Feature stainless steel hinges and self-closing drawers. Eclipse offers a broad range of sizes and door/drawer configurations. Top with a variety of chemical-resistant surfaces. Wall mounted cabinets are also available in a wide range of sizes and door option.

Material Handling

The shortest distance between two points is found with IAC Material Handling equipment.

- **Rolling Carts**
- **MTS Rolling Storage**
- **Mobile & Stationary Accessory Stations**
- **Mobile Cabinets**
- **Gravity Feed Racks**

Technical Seating

BEVCO Ergonomic Seating products combine the latest in advanced ergonomic features with industrial strength design. At your workbench or workstation, a properly used ergonomic chair can also help reduce the occurrence of many work-related musculoskeletal disorders..
