

mp MurrayPercival

The Percivalized Experience

Assembly Equipment

Production Supplies

Bar solder, wire solder, solder paste, solder preforms, fluxes and SMD adhesives

Conformal coaters, dispensers, curing ovens and plasma treatment solutions

Robotic and selective soldering solutions

Bare boards including rigid, rigid-flex and aluminum boards

Soldering tools - stations, rework, hot air, handpieces, irons, cartridges & tips

AOI and SPI inspection systems

Oxygen and Nitrogen PSA and membrane gas generation systems

PCB, stencil and maintenance cleaning systems

Smart systems for reel component management

PCB routing and automated robotic work cells

Flying probe test solutions and equipment

Rework and x-ray solutions for inspection and component counting

ESD flooring solutions such as interlocking tiles, epoxy flooring and matting

Wave solder pallets, SMT process carriers, conformal coat fixtures and more

Conformal coatings, silicones, and RTV encapsulants

Flux removers, degreasers, contact cleaners, stencil cleaners, and roll wipes

Traceability solutions including blank labels & pre-printed labels

Bruce Clark

Business Development Manager

C: (847) 508-5471
E: BTClark@murraypercival.com

Bruce services the IL and WI territory offering a wide variety of capital and consumable solutions for the PCB industry.
