## FEATURED PRODUCT

Desoldering Braid 🇺🇸

- Used in the rework and repair of printed circuit boards, computers, cell phones, or other electronics
- Easily remove solder from components or pads on a circuit board
- Concentrated fine copper braiding uses less length of wick for each desoldering application
- Made of clean, oxide-free copper wire and tight weave enables quick ''on and off'' desoldering

Part Numbering (Example)

Q	A	10AS
Type	**Width**	**Length**
Q - Quick Braid	A - 0.025 in	5 ft only on AS

FEATURED PRODUCT

Stencil Rolls 🇺🇸

- Used in SMT (surface mount technology) screen printing lines to keep stencil apertures clear of paste residue during the automatic screen printing process
- Prevents smearing, bridging, solder balls, and other problems associated with the stencil printing of solder paste
- Manufactured from a blend of polyester and cellulose fibers
- More paper per roll resulting in less down time, less changeover time, and less inventory required
- Exceptionally low lint levels
- Solvent resistant material results in increased absorption per square inch

Custom Stencil Rolls Available!

The MENDA brand name is recognized around the world as the "standard" for finger touch liquid dispensing. MENDA is famous for its high performance line of "dish type" liquid dispenser pumps and bottles, which are widely used in beauty, industrial electronics assembly, clean room and medical applications.

MENDA is more than just a dispenser pump and bottle company. The MENDA product offering includes specialty tools, such as Circuitracers™, Probes, Spudgers, ESD Vacuums, Workstation Organizers, ESD Brushes, Fume Extractors, Specialty Vinyl Sealed Products, Identification Badge Holders and more!

EasyBraid joined the MENDA team in November 2017 - expanding the MENDA offering to quality inspection and repair/rework needs. EasyBraid's Desoldering Braid is manufactured using environmentally safe chemicals and processed in our Minnesota facility. It is made of clean, oxide-free copper and contains increased surface area (more copper) per square inch, for economical and consistent results. We also offer a wide range of products that include Stencil Rolls and Solder Soakers.
